Subject: RE: Adding documents to the VBI-70 website SC 35450

I updated and republished the collection. The collection as published contains the following documents:

Document ID	Title	Document Date	Page Count
1215844	FINAL Quality Assurance Project Plan (QAPP) and Sampling and Analysis Plan (SAP) to Support Human and Ecological Risk Assessment and Remedial Investigation	12/1/2003	308
1224689	Hypothetical Screening Level Estimates of Metals Loading to the south Platte River from Groundwater Sources Associated with the VB/I-70 OU3 and Globe Plant Sites	5/30/2006	9
1224723	Groundwater Sampling and Analysis Plan Amendment - OU3	8/15/2006	187
1267344	Evaluation of Alternative Remedies for an Inorganic Contaminant Plume in the Argo Off-Site Plume study Area	5/6/2010	110
1570623	CD: Final RI/FS Work Plan, Vasquez Blvd/I-70 OU3 (Hardcopy of this rerenedf document is attached)	1/30/2014	91
1772179	Final Quality Assurance Project Plan (QAPP), Work Assignment 123-RICO-089R, Contract EP-W-06-006	7/6/2012	300
1833691	Statement of Work for Remedial Investigation/Feasibility Studyphase II for Vasquez Blvd./I-70 Site	5/3/2011	18
1924433	Vasquez Boulevard/Interstate 70 Superfund Site OU3 (ARGO SMELTER) - Groundwater Remedial Investigation (RI) Report	7/1/2018	4400

As a practical matter, a 4,400 hundred page document is difficult for ordinary internet viewers to view or print. Depending on the interest, you may want to create, save to SEMS & publish a more accessible summary.

Hello Bill:

Can you add document 1924433 to the website under OU3? It should be the OU3 2018 Remedial Investigation report. I have more documents to add. Once a document ID is assigned I'll let you know.

Thanks,
